PERSONAL STATEMENT

I am a recent graduate with a degree in physics, equipped with strong analytical and problem-solving skills. My academic background has provided me with a solid foundation in scientific principles and quantitative analysis. I am eager to apply my knowledge and enthusiasm in a dynamic work environment where I can contribute to the team's success and continue to learn and grow professionally.

WORK EXPERIENCE

➤ Software Quality Assurance Analyst

Optimus Bank, Yaba, Lagos State.

April, 2025 – Present

- Designed and executed both manual and automated test cases to validate application functionality, usability and performance.
- Collaborated cross-functionality with developers, product managers and business analysts to define test requirements and clarify feature specifications.
- Logged, tracked and managed defects using industry standard bug tracking tools, ensuring timely resolution.
- Conducted regression, smoke, and User Acceptance Testing (UAT) for multiple release cycles.
- Participated actively in agile/scrum ceremonies including sprint planning, daily stand-ups, reviews and retrospectives.
- Utilized SQL queries to validate backend data and ensure accuracy across integrated systems.

➤ Graduate Trainee

Optimus Bank Tech Academy, Yaba, Lagos State.

January, 2025– March, 2025.

- Built responsive user interfaces using HTML, CSS, JavaScript and UI/UX best practices.
- Developed Server-side applications with Node.js, C#, and SQL.
- Gained foundational Knowledge in CI/CD, infrastructure monitoring and cybersecurity.
- Worked with SSIS and ETL tools for data extraction, transformation and reporting.
- Applied both manual and automated software testing approaches.
- Learned agile methodologies, business process automation and real world fintech automations.

➤ Physics Teacher (NYSC)

L.A Adenle Grammar School, Osogbo, Osun State.

January. 2024 – October, 2024.

- Developed and delivered lesson plans for students in SSS1-3, ensuring alignment with the curriculum and engaging students in their learning process.
- Tested students based on what was taught and marked their scripts, providing detailed feedback to students to help them improve their understanding and performance in physics.
- Organized and facilitated debates and other extracurricular activities to enhance students' critical thinking, communication skills and teamwork.
- Conducted practical laboratory sessions, demonstrating experiments and ensuring student safety.

EDUCATION

➤ University of Ilorin, Ilorin, Kwara State
